1. NOMINATION & SELECTION PRINCIPLES

The nomination and selection of the athletes to represent Ireland at the Paris 2024 Olympic Games will be conducted in accordance with the following underlying principles:

- 1.1. **Performance** – The NF Nomination Criteria for each sport are designed to identify those athletes most likely to perform to the highest level at the Games. It is understood that in some instances, an NF may set performance standards that are higher than the Minimum Qualification Standards set by the IF. NFs are encouraged to do this where they feel the

Minimum Qualification Standards of the IF are at a lower level than the performance expectations of the sport nationally.

- 1.2. **Quota Places** – The decision to accept quota places will be made jointly by the NF and the OFI. In line with principle 1 ‘Performance’, a decision may be made not to accept all quota slots if Athletes do not meet the performance standards set by the NF. The official acceptance or rejection of an allocated quota place in writing is the sole responsibility of the OFI.
- 1.3. **Transparency, Clarity and Communication**– The nomination and selection policy of each NF must be clear and well communicated within a reasonable timeframe to all Athletes and coaches to ensure that all stakeholders understand it.
- 1.4. **Objective decision making** – Where possible decisions of Nomination Committees should be based on objective, measurable criteria. Where subjective criteria need to be included such as within teams or pairings, the process for this must be clearly explained to all stakeholders and the rationale for final decisions outlined in the Nomination meeting notes.
- 1.5. **Fairness** – The Nomination process must be fair and operated without bias or prejudice.
- 1.6. **Age** – The OFI does not set a minimum or maximum age requirement. The age requirement will be in accordance with IF rules for each sport [see sport specific criteria/eligibility].
- 1.7. **Universality / Re-allocation place acceptance** – In sports where universality places are awarded or re-allocation places offered, the following criteria will apply:
 - (i) the decision to apply for such an athlete or team quota slot, will be jointly determined by the NF & OFI.
 - (ii) The OFI will only consider nominations for awarded individual universality or re-allocation quota slots on the basis of the athlete meeting either (a) or (b) from the following criteria:
 - (a) The athlete has achieved a minimum performance standard as per the sport specific criteria agreed with the NF.
 - (b) The athlete has not had the opportunity to qualify through the normal qualification system due to injury, pregnancy, nationality dispute etc.
 - (iii) The OFI will only consider nominations for awarded team universality or re-allocation quota slots if the team has achieved a minimum performance standard as per the sport specific criteria agreed with the NF (each NF Nomination Policy will clearly state what they consider a Team).
- 1.8. **NF and OFI Approval** – All Nomination Policies must be approved in writing by the relevant NF Board and the OFI prior to publication.

2. NOMINATION AND SELECTION PROCESS

The nomination and selection of athletes to the 2024 Irish Olympic Team will result from a graduated process of checks and balances to ensure the agreed criteria are applied correctly and to provide extra assurance to Athletes that their selection is confirmed by a robust process. The subsequent steps in the process are as follows (the timelines are sport specific and clearly documented within the relevant sport sections):

Step 1: The Irish Qualification period closes.

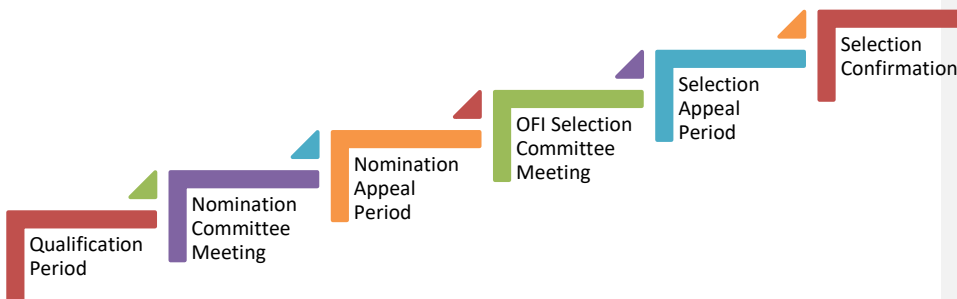

Step 2: The Nomination Committee convenes and applies the agreed NF Nomination Criteria for the sport. Athletes are informed of their Pre-Nomination Status.

Step 3: Sport specific appeal period including internal NF Appeals Process and external SDSI appeal process if required.

Step 4: Formal nomination of Athletes by the Chair of the Nomination Committee to the OFI. All appeals must be concluded before this can happen.

Step 5: The OFI Selection Committee convenes to ratify the NF Nomination after confirming that the NF Nomination Criteria have been applied correctly.

Step 6: Athletes are informed of their selection by the Chef de Mission. Should the OFI Selection Committee not select a Nominated Athlete, the Athlete has the right to use the Selection Appeal Process.

3. NOMINATION AND SELECTION TIMELINES

The timelines for nomination and selection are sport specific and laid out in subsequent sections of this document. The close of the Irish qualification period for specific sports is final and will supersede the closing date for Athletes to achieve qualifying performances as per the Paris 2024 Qualification Guide.

4. NOMINATION COMMITTEE PRINCIPLES AND PRACTICES

- 4.1. Nomination Committees should be made up of a minimum of three voting members, save where the NF seeks permission from the OFI to have less than three voting members. In such circumstances the NF shall set out the reasons justifying why the Nomination Committee should comprise less than three voting members, and the OFI shall have sole discretion to decide whether to grant such permission. There may be more than three voting members but an odd number is recommended to avoid a dead-lock.
- 4.2. All relevant information and paperwork should be circulated to the Nomination Committee Members in advance of the meeting to allow sufficient time for review to enable informed decision making to occur at the meeting.
- 4.3. An independent non-voting chairperson should be appointed. Ideally this person should have proven chairing skills and experience of high performance selection.
- 4.4. Detailed meeting notes must be recorded giving clear rationale for decisions on nomination or non-nomination and retained by the chairperson of the Nomination Committee.

- 4.5. NF Nomination Criteria must be applied in full fairly and consistently.
- 4.6. Where there is any actual or potential conflict of interest or loyalty e.g. where a member of the Nomination Committee is a personal coach of an athlete, this potential conflict must be declared before the convening of the meeting and this person should be replaced on the Nomination Committee by another suitably qualified member.
- 4.7. The communication of an Athlete's Pre-Nomination Status must be communicated respectfully. The Nomination Committee Chairperson and Performance Director should give careful consideration to how the information is communicated to all Long List Athletes. Formal communication should be in writing.

5. OFI SELECTION COMMITTEE PRINCIPLES AND PRACTICES

- 5.1. The OFI Selection Committee shall be made up of three members appointed by the OFI Executive Committee comprising the following members:
 - (i) OFI Chief Executive Officer (Chair);
 - (ii) Paris 2024 Chef de Mission ; and
 - (iii) OFI Executive Committee member. This member will be appointed in advance of each selection meeting and will be selected from those members who do not have any association with the sport being selected.
- 5.2. Detailed meeting notes must be recorded giving clear rationale for decisions on selection or non-selection and retained by the chairperson of the OFI Selection Committee.
- 5.3. Any perceived or known conflict of interest or loyalty will be declared by an OFI Selection Committee Member in advance and subsequent action will be taken to protect the integrity of the selection process.

6. APPEALS

In accordance with the NF Agreement, there will be two types of appeal, namely Nomination Appeals and Selections Appeals. No party to a Selection Appeal or a Nomination Appeal may institute or maintain proceedings in any Court or Tribunal other than as specified in the NF Agreement.

- 6.1. Nomination Appeals
 - (i) Any Athlete on the Long List may appeal against their nomination or non-nomination by the NF to the Provisional Nomination List in accordance with the procedures set out in the NF Appeals Process (the "Nomination Appeal").
 - (ii) The final right of any Nomination Appeal shall be to an SDSI Olympic Tribunal.
 - (iii) The decision of the SDSI Olympic Tribunal shall be final and binding on the parties.
 - (iv) Where the OFI is not a party to a Nomination Appeal, the NF consents to the circulation of the decision of the SDSI Olympic Tribunal and any other documents (in respect of that Nomination Appeal) to the OFI and to any other party specified by the OFI.
 - (v) The OFI and/or their legal representative reserves the right to observe the SDSI Olympic Tribunal Nomination Appeal.
 - (vi) The NF shall not nominate any athlete while any internal appeals process is ongoing and shall confirm same in the athlete nomination form.
- 6.2. Selection Appeals
 - (i) Any Nominated Athlete may appeal against their selection or non-selection by the OFI to the SDSI Olympic Tribunal in accordance with clause 6.2(ii) below ("Selection Appeal"). This appeal to the OFI selection decision shall only be available to Nominated Athletes on the following grounds:

- (a) That the selection decision was affected by actual bias; or
- (b) There was no basis upon which the OFI's decision could be reasonably made.
- (ii) The procedure for a Selection Appeal shall be as follows:
 - (a) Within 48 hours of receiving the OFI's notice of their non-selection, the Athlete must file and serve (on the respective CEOs of the OFI and NF) a Notice of Appeal with the SDSI Olympic Tribunal setting out clearly the grounds upon which they dispute their non-selection.
 - (b) Thereafter the SDSI Procedural Rules shall apply.
 - (c) Any party to a Selection Appeal decision of the SDSI Olympic Tribunal may appeal such a decision to CAS in accordance with its rules.
- (iii) Throughout any Selection Appeals process, all parties must use their best endeavours, acting in good faith, to resolve the dispute through communication and any communications made for the purposes of this process may be made on a without prejudice basis and kept confidential between the parties.

7. NOTES TO THE NOMINATION AND SELECTION POLICY

The following will apply for all sports unless otherwise indicated in sport specific sections below:

Any amendment must be clearly communicated to all Long List Athletes.

Athletics Ireland's Entry Standards for each of the events</p>

to be conducted at the Paris Olympic Games are set out in clause 6.

Qualification Period

4.12 Athletics Ireland has aligned its Qualification Periods with those set by World Athletics.

Nominations will be based on performances during the Qualification Periods of:

- 4.12.1** 6 November 2022 to 30 January 2024; Qualification and Ranking Period for the Marathon (80% of Quota)
- 4.12.2** 31 January 2023 to 5 May 2024; Qualification and Ranking Period for the Marathon (Remaining 20% of Quota)
- 4.12.3** 31 December 2022 to 30 June 2024; Qualification and Ranking Period for the 10,000m, Combined Events, Race Walks and Relays
- 4.12.4** 1 July 2023 to 30 June 2024; Qualification and Ranking Period for all individual events (except Marathon, 10,000m, Combined Events, Race Walks and Relays)

Participation Criteria

4.13 Nothing in this Policy obliges Athletics Ireland to nominate a full contingent of athletes in any particular event regardless of the Entry Rules or Performance Standards. Athletics Ireland will nominate athlete(s)/relay panel(s) to the Olympic Federation of Ireland according to the criteria set out in this Policy as allowed by Entry Rules.

After Nominations

4.14 For the purposes of clarity, it is the intended operation of this Policy that **all nominations to the Olympic Federation of Ireland and final selections in the Olympic Games Team remain conditional** up and through the Olympic Games given the athlete shows form and fitness in line with the OFI Fitness to Compete Policy detailed in the Team Member Agreement.

4.15 An athlete who is found to have breached any Athletics Ireland, OFI, World Athletics, IOC or other relevant code of conduct may be withdrawn from the competition at the sole discretion of the OFI Chef de Mission in discussion with the Team Leader.

Nomination Meetings

4.16 Nomination meetings will be held as follows:

- 4.16.1** The Nomination Meeting for the Marathon will take place on **07 May 2024**.
- 4.16.2** The Nomination Meeting for relays will take place on **30 June 2024**.
- 4.16.3** For Nomination Meeting all other events will take place on **02 or 03 July 2024**.
- 4.16.4** The Nomination meetings on the 07 May 2024 and 02 or 03 July 2024 will take place in advance of the re-allocation of unused quota spots and the publication by WA of the last edition of the Road to Paris with the final list of all athletes eligible for final entry (12 May 2024 for Marathon and 07 July 2024 for all other events). All nominations in relation to athletes qualifying via re-allocated quota place will be provisional pending publication by WA of the last edition of the Road to Paris. This is designed to allow athletes adequate time to lodge a non-nomination appeal, and for that appeal to be processed, given the very tight timeline from publication of final edition of Road to Paris to final entry deadline.
- 4.16.5** This means that all communication to athletes qualifying by virtue of a re-allocated quota place regarding their nomination are subject that athlete's inclusion on the last edition of the Road to Paris.

Nomination Queries

4.17 Athletes can seek clarification regarding nomination policy from the [Athletics Ireland Performance Director](#).

Nomination Criteria

General Nomination Criteria

5.1 The Nomination Panel has "sole discretion" to nominate to the Olympic Federation of Ireland the team members that meet with the eligibility and entry rules of the Paris Olympic Games and as stipulated in this Nomination Policy. This includes nominations for relay teams, individuals and for instances when there are more than 3 athletes who have met the performance standard.

5.1.1 The Nomination Panel may use their sole and overriding discretion to consider any factor or combination of factors that, in their opinion, are relevant to the nomination of an athlete, including, but not necessarily limited to the following general principles:

A. Consistency and Repeatability of performances (in all or any events) during the qualification period, achieving the performance standard and showing current form and fitness

B. Statistical data (ranking/performance list, performance-time curves, course ratings, altitude/wind adjustments)

C. Championship performance history, in particular the history of the athlete's on-demand performances at major championships

D. The competitive **head to head record** of each athlete

E. Injury and illness history

5.2 Where there are more athletes that have achieved the nomination criteria in this policy beyond the maximum entry limit in any one event, the Nomination Panel will have sole discretion to decide which of the athlete(s) is to be nominated.

Individual Nomination Criteria

5.3 For an athlete **to be considered for nomination** in an individual event to the Olympic Federation of Ireland for selection to the Paris Olympic Games an athlete must either:

5.3.1 Achieve the 'A' standard (see Appendix: Athletics Entry Standards) within the respective qualification period, or have met any criteria identified by WA which will be considered as having achieved the entry standard (as detailed in the 'Qualification Slot' section of this policy)

5.3.2 Qualify by virtue of [World Ranking](#) position in the selected event at the end of the respective qualification period.

5.3.2.1 Where an athlete is listed as having achieved qualification by World Athletics on the initial list of qualifiers (scheduled to be published by WA on 01 May for Marathon, and on 02 July for all other events) no B standard will be required.

5.3.2.2 Where athletes become eligible for nomination by virtue of World Ranking position via the re-allocation of an unused quota spot (scheduled to be published by WA on 12 May for Marathon, and on 07 July for all other events) that athlete will also be required to have achieved a B standard (see Appendix: Athletics Entry Standards) in that event during the qualification period.

5.3.2.3 have been selected as a member of a relay team or in an individual event and be eligible for selection in another event via individual athlete ranking process. In such cases athletes may be considered for selection in individual events without having achieved a 'B' standard.

5.4 Along with points addressed in 5.3, an athlete must have demonstrated current form and fitness in order to be nominated to the OFI for selection. Form and fitness is proven by the athlete achieving a performance/result prior to the championships that is consistent with the standard of qualifying performances.

5.5 If three (3) athletes are nominated in one event, Selectors are entitled to nominate one (1) alternate athlete for the same event provided they have also achieved qualification.

5.6 Athletes seeking nomination in either individual or relay event for the Paris Olympic Games **MUST** compete in their event at the Athletics Ireland Outdoor National Championships (AINC) on 29 & 30 June 2024 with the exception of those in the:

General Considerations

- The soundness of the horse to meet the challenges of competing and travelling to the Olympic Games 2024 will be a significant factor in any nomination decision. Athletes must keep the Team Veterinarian fully briefed on any health or soundness issues the horse may have both historically and throughout the season.
- Athletes are required to disclose any illness or injury (however minor) to the JHPD and Team Veterinarian. Where it becomes apparent that a nominated horse is unsound or unfit to travel or that there was a non-disclosure relating to soundness, the JHPD reserves the right to remove that combination from nomination and selection with immediate effect.
- The health and fitness of the athlete in general to meet the challenges of competing and travelling to the Olympic Games 2024 will be a factor in any nomination decision.
- Further consideration will be given to the following general measures:
- Past performances and present form of the athlete and horse as a combination and an athlete or horse's historic form.
- The suitability of the Combination with regard to the likely characteristics of the arenas in Paris, and for the unexpected conditions of the Olympic Games Paris (taking into account the objective of the team competition);
- the ability of the Athlete and his/her support personnel to operate and perform in an Olympic environment which is highly regulated and pressurised;
- the ability of the Athlete and/or support team to contribute towards an effective team and winning orientated environment;
- the overall composition of the team;
- the ability and experience of the Combination to compete successfully at the highest level of international competition;
- demonstrated experience and/ or success at Championship level;
- the ability, or potential ability, of a Horse and/or Athlete to perform under the stress and pressure of an Olympic Games.
- the ability of the Athlete to prepare their Horse to peak condition for a major campaign, such as the Olympic Games.
- consistency of performance and the likelihood of a suitable performance to contribute towards a team medal outcome;
- exceptional ability of a Combination (and the potential to achieve a podium finish) may be a consideration and may, in the JHPD's sole discretion, place a Combination with less experience or consistency ahead of another Combination.
- degree of commitment to the Horse Sport Ireland High Performance (HP) Programme.

5. Force Majeure	<p>5.1 In considering the performances of athletes at events or other attendances in line with the above criteria, the JHPD may, at his discretion, give weight to extenuating circumstances.</p> <p>5.2 For the purposes of section 5.1 above, extenuating circumstances means an inability to compete, or perform, or contribute at an optimum level arising from:</p> <ul style="list-style-type: none"> i. Injury or illness; ii. Bereavement or personal misfortune, and/or; iii. Any other factors reasonably considered by the JHPD to constitute extenuating circumstances; <p>5.3 Athletes unable to compete at events other attendances must advise the JHPD by email of this fact and the reasons thereof as soon as practicable after the extenuating circumstances arise.</p>

Notes to Nomination Criteria	As per section 7 of this document.
Nomination Criteria	The IJA will nominate an Athlete for OFI selection: <ol style="list-style-type: none"> 1. As soon as it is mathematically certain that their Olympic Ranking guarantees Olympic Qualification, or 2. When the Athlete is included in the IJF's Final Olympic Qualification Ranking List, week commencing 25th June 2024. 3. Where more than one Athlete meets the IJF Olympic Qualification Criteria in the same category, then the highest ranked Athlete will be selected for nomination to the OFI.
De-Selection & Replacement	The process under which an athlete may be de-selected from the Olympic squad depends on the exact timing in relation to the Delegation Registration Meeting ("DRM"). That is the date that the Team is formally entered with the Paris Organising Committee. This is currently set for 8 July 2024. 1. At any stage of the selection process prior to the date of the DRM, the IJA reserves the right not to nominate, or withdraw nomination, any athlete on the following grounds:

- a. Medical grounds – i.e. when an injury/illness may inhibit the achievement of appropriate performance
- b. Issues of weight management - when the athlete’s current bodyweight suggests that the weight category may not be achieved, or performance inhibited
- c. Suitability as a team member - where for example an athlete’s behaviour or attitude is in breach of the IJA Athlete Agreement and leads the IJA to determine in its opinion that the selection of such athlete would be inappropriate.

1.1 In the event of injury/illness which may inhibit performance, the decision not to nominate, or withdraw nomination, will be taken as follows:

- a. The IJA Chief Medical Officer (CMO) will require the athlete to undergo a medical examination to determine his/her fitness to participate. This examination will be carried out by the IJA CMO or another doctor delegated by him/her. If the athlete fails the medical examination his/her nomination will be withdrawn and the IJA may (if appropriate) nominate a replacement athlete in accordance with its selection policy.
- b. If the athlete passes the medical examination carried out in accordance with Section 1.1a above, but the IJA still has concerns over whether or not the athlete is able to compete to the best of his/her ability due to the underlying injury or illness, the IJA Performance Director (“PD”) can require (on a date specified by him/herself) the athlete to undergo a performance test. The test may be replaced by an actual competitive event performance, at the PD’s discretion. If the athlete fails the test (which can be undertaken on more than one occasion and within a short time frame if the PD considers appropriate), his/her nomination will be withdrawn on medical grounds and, if appropriate, a replacement can be nominated by the IJA in accordance with this selection policy.

2. In the event of weight management issues, the criteria applied and decision not to nominate, or withdraw nomination, will be taken as follows:

- a. All athletes will follow the IJA Weight Management policy.
- b. In the event of concerns, the athlete will receive a maximum of two written warnings, with each warning providing an exact specification of the target weight to be achieved and by when. Failure to meet the target specified in the second warning will result in the athlete’s deselection and, if appropriate, a replacement can be nominated by the IJA in accordance with this selection policy.

3. For administrative purposes, the OFI must be kept informed of any possible decision to withdraw an athlete’s nomination. The nomination of a replacement athlete must also conform to this selection policy and must be an individual who has been named on the OFI/ IJA long list and has met the criteria for full selection as stated in this selection policy.

4. After the DRM has been completed and the Team selected, de-selection and selection of a replacement athlete is only allowed in accordance with the IOC’s Late Athlete Replacement Policy (or any revised or amended IOC policy dealing with athlete replacement).

	<p>This primarily provides for replacement in the case of injury and/or illness. In the event of there being a query over the ability of an athlete to be able to compete to the best of his/her ability due to an injury or illness once the nomination process is complete and the Athlete selected by the OFI, then the OFI 'Fit to Compete Policy' will be adhered to.</p> <p>REPLACEMENTS AND RESERVES</p> <ol style="list-style-type: none"> 1. In cases where another athlete(s) has/have achieved the qualification criteria, the IJA may nominate prior to the DRM a reserve for consideration, using the same criteria as applied to the nominated athletes and as set out in this selection policy. 2. After the DRM, and in the case of medically certified injury, such nominated reserves would be eligible to replace a selected athlete up to the final confirmation of competitors at the Technical Meeting and draw in Paris subject to any IOC regulations in force from time to time.
<p>Nomination Appeal Process</p>	<ol style="list-style-type: none"> 1. The IJA Appeals process is the only method of appeal should an athlete wish to appeal a nomination or non-nomination by the IJA. 2. In respect of any decision taken by the OFI not to select an athlete nominated by the IJA, any appeals must be made to the OFI and dealt with in accordance with the OFI's appeals policy.
